

TAA-COMPLIANT SOLUTIONS FROM BROTHER

Secure Document Management Solutions that Meet Federal Regulations

To meet the needs of government agencies, Brother offers business-class products certified to comply with the Trade Agreements Act (TAA). Ideal for any business or organization seeking office solutions manufactured in a TAA designated country, these products can be easily added to GSA schedules.

Why Brother TAA-Compliant Solutions?

Brother Workhorse TAA-compliant products are built for organizations with high print volumes looking for advanced security features, enhanced productivity and optimized workflows. This is an opportunity for the dealer community to expand sales into the federal government by selling the TAA-compliant Brother Workhorse products and earn additional revenue.

TRIPLE LAYER SECURITY

Help safeguard sensitive documents and securely connect to the device and your network.

BUSINESS DURABLE DESIGN

Reliable business performance to handle high print and scan volumes.

LOW TOTAL COST OF OWNERSHIP

Includes Brother Genuine super high-yield cartridge; ultra high-yield replacement cartridge for even lower cost printing.

PRODUCTIVITY

Designed for demanding printing environments, with advanced connectivity options for today's workgroup demands.
