

In today's market it is critical to offer the best quality products at the best possible price. The products compatible manufacturers produce offer consumers a lower cost alternative, while maintaining OEM quality, offering a lower cost per page.

# COMPATIBLES

■ Growth within the compatible manufacturing industry has been marked by the success of major producers based on an increasing level of technology and quality performance. The industry has proven to be a reliable alternative to the original equipment manufacturer's (OEM's) for the provision of computer consumables at discounted pricing.

Recognizing this as a viable opportunity, we stock a range of products for use in inkjet printers, laser printers, copiers, and fax machines.
